

Pooltest 9 Professional Pool Photometer

- Fully Waterproof with IP67 rating
- Rugged portable design with no moving parts
- Automatic method set-up for each parameter

The Pooltest 9 Professional Pool Photometer builds on the phenomenal success of the Pooltest 9. With the same ease of use that made its predecessor the best selling pool photometer in the world, the Pooltest 9 professional also features :-

- Fully waterproof to IP67 standard
- Large, fully backlit LCD screen for ease of use
- Unique adaptive sample holder
- Fully automatic wavelength selection
- Just press the parameter key and the method is set-up.

The Pooltest 9 Photometer is fast and easy to use, the results are displayed in mg/l or ppm. It measures all the routine pool parameters, all disinfectants, balanced water tests and is fully integrated with the world renowned Palintest tablet test reagents.

SP 790
